*\* Excludes taxes and surcharges. Credit applies to Monthly Recurring Charge (MRC). Refer to the Terms and Conditions for complete details.*

# Use the Tools Available

## ORDER HELPER & TUTORIALS

### 5 MUST-HAVES TO BECOME A NEW FLASH WIRELESS CUSTOMER

-  Flash SIM Card\*
-  A credit card for billing
-  An unlocked phone\*\*
-  **Account #, PIN # and Billing Address from existing provider -**  
For phone # transfers only
-  Customer information (email required)

**PRO TIPS:**

- Help the customer download the Flash App on their current phone and create a FREE cloud back-up of all their contacts, data, etc., before attempting to change mobile service providers. This will help prevent any data loss if anything out of the ordinary occurs during the transition.
- If the customer is buying a new phone, help them download the Flash Wireless app on both their old and new phones, and walk them through the process to easily transfer all of their content to the new phone.

\*Refer to the Flash Yellow Playback Training document in your Back Office for the Flash Yellow SIM Card Matrix.  
\*\* Phones purchased through Flash Wireless or our Marketplace partner websites are always unlocked and come with the correct SIM Cards. If the phone was not purchased through Flash Wireless or our Marketplace partners, it must be a multi-network device or compatible with the Flash network the customer is trying to activate their service with.  
Exception: If you are bringing a device purchased from Verizon to Flash Green you don't need to unlock the phone.

The screenshot shows the YouTube channel page for Flash Wireless. At the top, there's a search bar and navigation icons. Below that is a banner image with the text "WIRELESS DONE RIGHT" and the website "flashwireless.com". The channel name "Flash Wireless" is displayed with "149 subscribers" and a "SUBSCRIBED 149" button. Navigation tabs for "HOME", "VIDEOS", "PLAYLISTS", "CHANNELS", and "ABOUT" are visible. A video titled "Flash Wireless: How to Enable HD Voice on iPhone" is featured, showing a video player with a 1:03 duration.
