List of Supported Devices for Flash Green

A device listed in this document does not guarantee that the device will work. The device must also pass the IMEI lookup for Flash Green, located on flashwireless.com, as well. Validating a device through both steps is the most accurate way to verify that a device will work on the Flash Green network.

Pre-Order Checklist

Instructions: ACN Independent Business Owners should visit ACN Compass to view detailed training instructions on helping customers prepare for new Flash Wireless orders. Then provide this checklist to the customer and help the customer complete this list prior to the customer placing the order online or by phone. Once all items are complete, have your customer proceed with placing the order. Remember: IBOs should never enter an order, or any part of an order, on behalf of a customer.

ACN Independent Business Owner's #: _____

Which Network: Flash Yellow or Flash Green? _____

Which service plan? _____

For Bring Your Own Device (BYOD):

1	Is the phone compatible? Model Check Phone type: _____ (e.g. iPhone 8) Model #: _____ (e.g. A1863) IMEI Check IMEI/MEID #: _____ Dial *#06# _____ Listed on Compatible Model Chart? <input type="checkbox"/> YES Cleared with online checker? <input type="checkbox"/> YES	Must be on list Must be cleared
2	Did the customer confirm that customer is not under any financial obligation through a contract or lease? If unsure, customer should contact their current carrier. Did customer confirm? <input type="checkbox"/> YES	Must confirm
3	Is the phone already unlocked? If not, has the customer called the carrier with their personal PIN number and requested the phone be unlocked? <input type="checkbox"/> YES	Phone must be unlocked.
4	Does the customer have their own SIM card that is compatible with Flash Wireless or do they need to order one? <input type="checkbox"/> Have own <input type="checkbox"/> Need to order Flash Yellow: Check SIM Chart for compatibility Flash Green: Will need to order free Flash Green SIM card	If "have own" SIM, it must be compatible with Flash Wireless.
5	If the customer wants to transfer their existing phone number, make sure the customer fills out the following info from their current carrier's bill statement so they're prepared to enter their order (remember, IBOs should not take this information from the customer): Current Carrier Name: _____ Primary Account Holder First/Last Name as it appears on the bill statement: _____ Account Billing Address: _____ Account Number: _____ Phone # to Transfer: _____ PIN # w/ Current Carrier: _____	This info will be required during the order process. All info can be found on current bill (except PIN#).
6	Does the customer have credit card information handy in order to process the order? <input type="checkbox"/> YES	

For New Phones/Devices:

Flash Wireless are guaranteed to activate on the Flash Network.	<input type="checkbox"/> COMPLETED
Transferring current phone number to Flash Wireless, have the customer enter the step (5) above.	<input type="checkbox"/> COMPLETED
Download the Free Flash App and upload the content of current phone to the cloud.	<input type="checkbox"/> COMPLETED
Ready with credit card information handy (Step (6) in the above list).	<input type="checkbox"/> COMPLETED

must enter their own order, including all of the above information, and you should not take that information from the customer. If you enter any of the information on behalf of the customer.
